

# HUMMER H2 ACCESSORIES

with chrome shell polymer technology

## CENTERFIRE LED GRILLE BAR

Our distinctive chrome front grille bar is equipped with super bright LED lights to enhance the front of the H2 Hummer. (Pictured above)

## RUNNING BOARD BRACKET ARMOR

Our eight piece classy show chrome bracket covers really dress up the OEM running boards. (Top left)

## MAGNUM LED MUD FLAPS

These rear Hummer mud flaps with LED lights are an instant bright spot for the back-end of any Hummer. The dual tiered, brushed 304 stainless steel with show chrome and rubber constructed lowers, offer protection with style. (Bottom left)

## URETHANE POUR REAR BUMPER LETTER INSERTS

Magnify the Hummer name with crystal clear urethane doming. Be patriotic, or color match. (Top right)

## STAINLESS STEEL REAR BUMPER LETTER INSERTS

Transform the factory lettering into these shining buffed stainless steel individual letters. (Bottom right)

## BLACK WIDOW REAR LICENSE FRAME

Our one piece rear license frame offers raised 3-D ribs with polished stainless trim panels.

## LINE OF FIRE LED LIGHT BAR

Acts as running lights, brightens as additional brake light and flashes when turn signals are activated.
