

# Installation Instructions for 05-On Corvette Rear Lens Grills

Visit our website at  
[www.altecproducts.com](http://www.altecproducts.com)  
for more Corvette  
accessories.

1. P/N 4130 fits 05-On Corvette.
2. IMPORTANT: Thoroughly clean rear taillight lenses (4) with glass cleaner to remove all dust and waxes.
3. Before removing tape liner, position grill on lens to verify correct placement. Note: Notch in grill is up or top of part.
4. Remove tape liner and place grill in position. Lightly press down grill. Pressing down lightly allows you to lift off and reposition later.
5. Position all (4) grills pressed lightly into place on lenses. Stand back and view all 4 grills for correct level placement. When all 4 are straight and level press firmly to activate 3M tape.
